

United Nations International Day of Peace

PEACE ON EARTH - THE SHIFT INTO ONENESS

A Global Meditation Celebration

September 21, 2013 | U.S. Capitol West Lawn | www.IntlDayOfPeace.org

When faced with a radical crisis, when the old way of being in the world, of interacting with each other and with the realm of nature doesn't work anymore, when survival is threatened by seemingly insurmountable problems, an individual life-form—or a species—will either die or become extinct or rise above limitations of its condition through an evolutionary leap... What is arising now is not a new belief system, a new religion, spiritual ideology, or mythology. We are coming to the end not only of mythologies but also of ideologies and belief systems.

...At the heart of the new consciousness (A New Earth) lies the transcendence of thought, the newfound ability of rising above thought, or realizing a dimension within yourself that is infinitely more vast than thought. You then no longer derive your identity, your sense of who you are, from the incessant stream of thinking that in the old consciousness you take to be yourself...

Those who have awakened to their essential true nature as consciousness and recognize that essence in all — others, all life-forms...live in the surrendered state and so feel their oneness with the whole and the Source. They embody the awakened consciousness that is changing all aspects of life on our planet...

Eckhart Tolle, "A New Earth: Awakening to Your Life's Purpose"

August 11, 2013

Dear Friend in Peace:

Join us in celebrating the United Nations International Day of Peace on September 21, 2013. **Peace on Earth: The Shift into Oneness** will honor the day with a global meditation celebration on the U.S. Capitol's West Lawn in Washington, DC, commencing at 10:30 a.m. We will be joined via satellite by thousands worldwide, in hundreds of locations -- to realize for ourselves, our nation, and our world – our unending connection. We invite you to join us on this day of action, consciousness, and commitment.

We will collectively come together to review age-old challenges, under a new lens, where we can conceive of peace as not simply being the absence of violence, but the capacity for a higher evolution of human awareness. The day will be an inter-faith, inter-belief, inter-path gathering. We will create sacred space through talks, blessings, prayer, music, dance, chanting and meditation -- where we can experience the shift into the New Earth's reality that all people, all communities, and all "Nations are truly United" as One.

We extend the invitation to become a co-sponsoring "Partner for Peace". We anticipate that the event's web site will be launched by August 13. To learn more about the day's events, visit: www.IntlDayofPeace.org after this date.

Join us! Please fill out and return the attached registration form by September 1, 2013. Ways for you, your organization, and its membership to get involved are included. Spread the word and let others know via social media, email, newsletters/ publications, and the distribution and posting of flyers about this important global gathering. Please contact us should you have additional questions at: ShiftintoOneness@gmail.com.

We look forward to seeing you on September 21, at the United States Capitol!

Most sincerely,

Peace on Earth: The Shift into Oneness Production Team
